MISSISSIPPI EXAMINATION PROCEDURE CHECKLIST

Before registering for an examination, make sure that you have reviewed the following checklist.

Become eligible to take the examination(s):

- Request an application package from the Mississippi Contractor Licensing Board.
- Complete the appropriate application, commercial or residential, along with any other necessary forms, and return to the Board.
- The Board will notify PSI of your eligibility and PSI will email you a confirmation notice.
- You will have 6 months from the date of eligibility to take the examination. If you fail, you may retest on an unlimited basis during this 6-month period. If you do not pass within 6 months, you must reapply with the Board.

Prepare for your examination(s):

- Use the examination content outlines provided in this bulletin as the basis of your study.

Take your examination(s):

- Must bring one form of identification which bear your signature and must also have your photograph.
 - ✎ Your name as shown on the application form must exactly match the name on the photo I.D. used when checking in at the examination site.
- Arrive 30 minutes prior to appointment.

After your examination(s):

- Upon passing the examination and meeting all the licensing requirements, the Board will review applications on a weekly basis. Successful candidates will receive their Commercial Certificate of Responsibility or Residential License approximately one week after approval by the Board.

EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination for becoming licensed as a Contractor in the State of Mississippi.

Mississippi State law requires Contractors to be licensed and regulated by the Mississippi Contractor Licensing Board. Eligibility for examination is determined by the Board.

The Licensing Board has contracted with PSI Services LLC (PSI) to conduct its examination program. PSI provides examinations through a network of computer examination centers in Mississippi. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

GUIDELINES FOR LICENSE APPLICATION/QUALIFICATION

HOW TO OBTAIN A LICENSE

1. Request a license application package from:
Mississippi Contractor Licensing Board
Mailing Address:
P.O. Box 320279
Jackson, Mississippi 39232-0279

Physical Address:
2679 Crane Ridge Drive, Suite C
Jackson, Mississippi 39216
PH: 601-354-6161
FX: 601-354-6715
www.msbc.us
2. Complete the appropriate application and return it to the Board.
3. The Board will notify PSI of your eligibility and PSI will email you a confirmation notice.
4. The Board will determine which examinations the candidate needs to take.
 - Each company seeking a Certificate of Responsibility is required to designate a qualifying individual to take the examinations. Proof of employment (W2 or check stub) is required.
 - A certificate is granted with the stipulation that the qualifying individual remains with the firm.
 - If the qualifying individual leaves the firm, the company must notify the Board in writing immediately.
 - A new qualifying individual must be designated and must successfully complete the required examinations within 90 days after departure of the previous qualifying individual.
5. New applicants seeking 1st time licensure will have 6 months from the date of eligibility to take the examination. If you fail, you may retest on an unlimited basis during this 6-month period. If you do not pass within 6 months, you must reapply with the Board.

All questions and requests for information about examinations should be directed to PSI.

PSI Services LLC
(855) 557-0619

<https://test-takers.psiexams.com/mscontlb>

EXAMINATION SCHEDULING PROCEDURES

FEES

The following fee table lists the applicable fee for the examination. The fee is for each registration, whether you are taking the examination for the first time or repeating it.

One Examination Portion (\$120)

Two Examination Portions (\$240)

NOTE: REGISTRATION FEES ARE NOT REFUNDABLE OR TRANSFERABLE

PSI has established a two-step process for registration and scheduling your tests:

1. You must register and provide PSI with your demographic information (name, address, etc.), tell PSI which test or tests you are authorized to take and make payment to PSI for all tests selected.
2. Once payment has been confirmed, you may schedule your testing appointment using one of the scheduling methods described later below.

However, before you begin there are several important points to remember as you register for your tests:

1. **The State is the only entity authorized to tell you which tests you should take.** While PSI can provide you information about each test, only the State has the binding authority to tell you which tests you are qualified to take. Any questions regarding which tests to take should be directed to the Board.
2. **You will be responsible for registering for the appropriate tests.** The State will inform you of the tests you are qualified to take. Please make sure you register for only the tests for which you have been approved. PSI will not be held responsible for any tests that candidates have mistakenly registered for or taken.
3. **No refunds will be given once registration information and payment to PSI has been made.** Notwithstanding the "no refund" policy, PSI does have a very flexible rescheduling policy. If you are unable to make your upcoming testing appointment, PSI will allow you to cancel that appointment up to 2 days prior to the event, and then will hold your unused exam funds for you to use up to one (1) year after your initial registration date. But, since no refunds will be provided make sure you are committed to testing before submitting payment.
4. **No transfer of registration fees is allowed.** Once you have designated a person to take the test for your firm, there will be no transferring of registration or scheduled

test dates, or fees to another person. Make sure that you designate the correct person to take the test when you register so that you will not forfeit any fees.

INTERNET REGISTRATION

For the fastest and most convenient test scheduling process, PSI recommends that candidates register for their exams using the Internet. Candidates register online by accessing PSI's registration website at <https://test-takers.psiexams.com/mscontlb>. Internet registration is available 24 hours a day.

Log onto PSI's website and create an account. Please Log onto PSI's website and select Sign in / Create Account. Select Create Account. You are now ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear.

TELEPHONE REGISTRATION

For telephone registration, you will need a valid credit card (Visa, MasterCard, American Express or Discover).

PSI registrars are available at (855) 557-0619, Monday through Friday between 7:30 am and 10:00 pm, and Saturday-Sunday between 9:00 am and 5:30 pm, Eastern Time, to receive your payment and schedule your appointment for the examination.

SCHEDULING AN APPOINTMENT TO TAKE THE EXAMINATION

You are responsible for calling PSI to schedule an appointment to take the examination. PSI will make every effort to schedule the examination site and time that is most convenient for you. To schedule with a PSI registrar, call Monday through Friday, between 6:30 am and 9:00 pm, and Saturday-Sunday between 8:00 am and 4:30 pm, Central Time. If space is available in the examination site of your choice, you may schedule an examination 1 day prior to the examination date of your choice, up to 6:00pm CT. Please be prepared to offer alternate examination appointment choices.

CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your *cancellation notice is received 2 days before the scheduled examination date*. For example, for a Monday appointment, the cancellation notice would need to be received on the previous Saturday. **If you do not meet the cancellation deadline, you will forfeit your fee. Fees are not refundable or transferable.** You may call PSI at (855) 557-0619.

A voice mail message is not an acceptable form of cancellation. Please use the PSI Website or call PSI to speak directly to a Customer Service Representative.

Note: Although testing fees are **not** refundable for cancelled appointments, PSI will maintain your exam fees on file for a period of one (1) year from the date of your initial registration and you may reschedule your test when it is once again convenient.

MISSED APPOINTMENT OR LATE CANCELLATION

If for any reason you fail to appear for your testing appointment, your registration and fee payment will be forfeited, and you will be required to re-register before being able to schedule another testing appointment. PSI considers your appointment missed or cancellation late if you;

- Do not cancel your appointment 2 days before the schedule examination date;
- Do not appear for your examination appointment;
- Arrive after examination start time;
- Do not present proper identification when you arrive for the examination.

EXAM ACCOMMODATIONS

All PSI examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate's needs. A candidate with a disability or a candidate who would otherwise have difficulty taking the examination should request for alternative arrangements by [Clicking Here](#).

Candidates granted accommodation in accordance with the ADA, **MUST** schedule their examination by telephone and speak directly with a PSI registrar.

EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (855) 557-0619. Every effort will be made to reschedule your examination at a convenient time as soon as possible. You may also check PSI's website at <https://test-takers.psiexams.com/mscontlb>.

SOCIAL SECURITY NUMBER CONFIDENTIALITY

PSI will use your social security number only as an identification number in maintaining your records and reporting your examination scores to the state. A Federal law requires state agencies to collect and record the social security numbers of all licensees of the professions licensed by the state.

EXAMINATION SITE LOCATIONS

The PSI Occupational Licensing examinations are administered at the examination center listed below:

Jackson
2679 Crane Ridge Dr, Suite B
Jackson, MS 39216

Traveling on I-55N Toward Grenada/Memphis., Merge onto Lakeland Dr/MS-25 N via Exit 98B toward Carthage. Turn right onto Crane Ridge Dr.

Examinations are also available to Mississippi candidates in other PSI testing centers located across the U.S. Regionally located sites are found in:

- Louisiana (Baton Rouge, New Orleans, Shreveport)
- Alabama (Huntsville, Birmingham, Montgomery, Mobile)

Additionally, PSI has examination centers in many other regions across the United States. You may take this examination at any of these locations. Once you have paid for the examination, enter your zip code and a list of the testing sites closest to you will appear.

It is important to recognize that each testing facility has its own weekly testing schedule that varies by time of year and geographic location. In general testing is available at least 1 to 2 times per week at each location and typically more often in most locations. Since test session availability changes rapidly, PSI will only provide available test date and location information to those that have already registered and made exam payment. If you are registered for your test, you will be given the available test dates and you will be able to select where and when you would like to take your test.

REPORTING TO THE EXAMINATION SITE

On the day of the examination, you should arrive at least 30 minutes before your appointment. This extra time is for sign-in, identification, and familiarizing you with the examination process. *If you arrive late, you may not be admitted to the examination site and you will forfeit your examination registration fee.*

REQUIRED IDENTIFICATION AT EXAMINATION SITE

Candidates must register for the exam with their LEGAL first and last name as it appears on their government issued identification. The required identification below must match the first and last name under which the candidate is registered. Candidates are required to bring one (1) form of a valid (non-expired) signature bearing identification to the test site.

NOTE: ID must contain candidate's signature, photo, be valid and unexpired.

- State issued driver's license
- State issued identification card
- US Government Issued Passport
- US Government Issued Military Identification Card
- US Government Issued Alien Registration Card
- Canadian Government Issued ID

SECURITY PROCEDURES

The following security procedures will apply during the examination:

- Only non-programmable calculators that are silent, battery-operated, do not have paper tape printing capabilities, and do not have a keyboard containing the alphabet will be allowed in the examination site.
- All personal belongings of candidates should be placed in the secure storage provided at each site prior to entering

the examination room. Personal belongings **include, but are not limited to**, the following items:

- **Electronic devices of any type, including cellular / mobile phones, recording devices, electronic watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players (e.g., iPods), smart watches, radios, or electronic games.**
- **Bulky or loose clothing or coats** that could be used to conceal recording devices or notes. For security purposes outerwear such as, but not limited to: open sweaters, cardigans, shawls, scarves, vests, jackets and coats are not permitted in the testing room. **In the event you are asked to remove the outerwear, appropriate attire, such as a shirt or blouse should be worn underneath.**
- **Hats or headgear not worn for religious reasons** or as religious apparel, including hats, baseball caps, or visors.
- **Other personal items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items.
- Although secure storage for personal items is provided at the examination site for your convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the examination site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If you leave any items at the examination site after your examination and do not claim them within 30 days, they will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying an examination candidate may not wait in the examination center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.
- No smoking, eating, or drinking is allowed in the examination center.
- During the check in process, all candidates will be asked if they possess any prohibited items. Candidates may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. The proctor may also ask candidates to lift up the ends of their sleeves and the bottoms of their pant legs to ensure that notes or recording devices are not being hidden there.
- Proctors will also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a recording device. Proctors will ask to inspect any such items in candidates' pockets.
- If prohibited items are found during check-in, candidates shall put them in the provided secure storage or return these items to their vehicle. PSI will not be responsible for the security of any personal belongings or prohibited items.
- Any candidate possessing prohibited items in the examination room shall immediately have his or her test results invalidated, and PSI shall notify the examination sponsor of the occurrence.
- Any candidate seen giving or receiving assistance on an examination, found with unauthorized materials, or who violates any security regulations will be asked to surrender all examination materials and to leave the examination center. All such instances will be reported to the examination sponsor.

- Copying or communicating examination content is violation of a candidate’s contract with PSI, and federal and state law. Either may result in the disqualification of examination results and may lead to legal action.
- *Once candidates have been seated and the examination begins, they may leave the examination room only to use the restroom, and only after obtaining permission from the proctor. Candidate will not receive extra time to complete the examination.*

- If you **do not pass**, you will immediately receive an unsuccessful notification on the screen along with a diagnostic report indicating your strengths and weaknesses by examination type. Registration forms for submittal to PSI to retake the examination will be available at the examination site.

DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing scorereport@psionline.com.

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions and reviewing your answers.

TEST QUESTION SCREEN

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with the Board, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by using the comments key on the keyboard. These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, and all substantive comments are reviewed. This is the only review of examination materials available to candidates.

SCORE REPORTING

In order to pass the examinations, you must achieve a minimum score of 70%.

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination; if you are using review features, you will be able to obtain your score immediately when you indicate that you have finished and would like to see your results.
 - If you **pass**, you will immediately receive a successful notification and performance summary on the screen.

TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory, and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

Now you can take the practice exam online at <https://test-takers.psiexams.com/mscontlb> to prepare for your Contractor Examination

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination. They ARE NOT a substitute for proper education and study. Furthermore, scoring well on the practice exam does not guarantee a positive outcome on an actual licensing examination.

Note: You may take the practice exams an unlimited number of times; you will need to pay each time.

EXAMINATION REFERENCE MATERIAL AND CONTENT OUTLINES

If a test question answer could differ because of conflicting information in test reference sources, a legal requirement such as a code, law or regulation overrides any other reference. If two legal requirements appear to conflict, the state-specific code, law or regulation overrides the national one. Information from sources on the test reference list override information from other sources or persons."

The Law and Business Management examination is mandatory for all contractors in MS applying for commercial or residential licenses. Trade exams are required also unless

there is not an exam required for that specialty trade or the trade exam is waived through reciprocity.

LAW AND BUSINESS MANAGEMENT EXAMINATION

# of Questions	% Required to Pass	Time Allowed
50	70	2 hours

CONTENT OUTLINE

Subject Area	# of Items
Licensing	5
Estimating and Bidding	7
Lien Law	1
Financial Management	5
Tax Laws	5
Labor Laws	5
Project Management	5
Contracts	6
Business Organization	2
Risk Management	4
Environmental and Safety	5

EXPERIMENTAL QUESTIONS

In addition to the number of questions in the examination, up to 10 "experimental" questions are administered to candidates during the examination. These questions will not be scored, and the time taken to answer them will not count against examination time. The administration of such unscored, experimental questions is an essential step in developing future licensing examinations.

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.

This examination is OPEN BOOK.

The following reference material is allowed in the examination center:

- *NASCLA Contractors Guide to Business, Law and Project Management - Mississippi*, 5th Edition or 6th Edition, www.nascla.org. (Effective October 1, 2023, only the 6th Edition will be referenced).

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However,

references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

BOOK STORES

The reference materials listed in the content outlines may be found at one of the following locations:

Contractors Institute
<https://cistore.contractorsinstitute.com>
 877-542-3673

My Contractors License
<http://www.mycontractorslicense.com>
 877-699-0775

Many of these reference materials are also available for purchase at www.pSIONlinestore.com or by calling the PSI Online Store, toll-free, at (866) 589-3088.

ALARM SYSTEMS AND EQUIPMENT

SCOPE OF WORK

Unlimited fire, heat and intrusion detection and notification systems.

# of Questions	% Required to Pass	Time Allowed
60	70	2 hours

CONTENT OUTLINE

Subject Area	# of Items
General Electrical and Low Voltage	10
Fire Detection and Notification	32
Intrusion Detection and Notification	18

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- National Electrical Code, NEC, 2014, National Fire Protection Association, 1 Batterymarch Park, Quincy, Massachusetts 02169, (800) 344-3555, www.nfpa.org
- NFPA 72 - National Fire Alarm Code, 2010, National Fire Protection Association, 1 Batterymarch Park, Quincy, Massachusetts 02169, (800) 344-3555, www.nfpa.org
- Fire Alarm Signaling Systems Handbook, 2010, 4th edition, Bukowski & O’Laughlin, National Fire Protection Association, 1 Batterymarch Park, Quincy, Massachusetts 02169, (800) 344-3555, www.nfpa.org
- Low Voltage Wiring: Security/Fire Alarm Systems, 2002, John E. Traister, Terry Kennedy, 0-07-137674-7, McGraw-Hill, P.O. Box 182605, Columbus, OH 43218-2605, www.McGraw-hill.com

Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

BUILDING CONSTRUCTION

SCOPE OF WORK

Any commercial, residential or industrial structure.

Note: MS applicants taking the Building Construction exam have a choice of trade exams. They can elect to take either

the NASCLA Accredited Examination for Commercial General Building Contractors which is accepted by multiple state agencies or the MSBOC Building Construction state specific exam. There are differences in these exams. See the additional information outlined in this bulletin for each exam to compare the differences and determine which exam best fits your business needs.

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

NASCLA-ACCREDITED EXAMINATION - COMMERCIAL GENERAL BUILDING CONTRACTOR

The NASCLA Accredited Examination Program was designed to assist contractors who wish to be licensed in multiple jurisdictions by offering a streamlined test taking option for the trade portion of the contractor examination. The **NASCLA Accredited Examination for Commercial General Building Contractors** was designed to assist candidates applying within individual state agencies for the general commercial building contractor classification or similar to.

Candidates who take and pass the NASCLA Accredited Examination can access NASCLA's National Examination Database (NED) located on <https://ned.nascla.org> to electronically send their transcripts to jurisdictions that accept the examination in lieu of their state specific trade portion, thereby reducing redundant licensing requirements. Candidates are expected to follow individual state agency

applications to become licensed, in addition to taking a business and law examination, etc. If you are unsure if this examination will meet your specific license requirements in a participating state agency, please contact the state agency directly to confirm. A complete list of participating state agencies can be found on NASCLA's website by visiting: www.nascla.org/

For questions regarding the examination, please contact NASCLA via email to info@nascla.org or by phone at (623) 587-9354.

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

EXCAVATION AND GRADING

SCOPE OF WORK

Clearing, grading and excavating.

# of Questions	% Required to Pass	Time Allowed
40	70	2 hours

CONTENT OUTLINE

Subject Area	# of Items
General Regulations and One Call	15
Excavating and Grading	20
Safety - Code of Federal Regulations	5

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Pipe and Excavation Contracting, Dave Roberts, 2011, Craftsman Book Company, (800) 829-8123, www.craftsman-book.com/products.
- Code of Federal Regulations - 29 CFR Part 1926 (OSHA), with latest available amendments, U.S. Government Printing Office, (866) 512-1800 or <https://www.osha.gov/laws-regs/regulations/standardnumber/1926>
- OR
Code of Federal Regulations - 29 CFR Part 1926 Selections by PSI, with latest available amendments, www.psonlinestore.com, (866) 589-3088 (See order form at the end of the Candidate Information Bulletin.)
- State of Mississippi Regulation of Excavation, Chapter 13 Regulation of Excavations Near Underground Utility Facilities, <https://www.ms811.org/law/>
- Mississippi Standard Specifications for Road and Bridge Construction, 2004, Mississippi Department of Transportation - Construction Division, (601) 359-7301, www.gomdot.com

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

LANDSCAPING

SCOPE OF WORK

Unlimited landscaping, planting and groundcover EXCLUDING irrigation.

# of Questions	% Required to Pass	Time Allowed
40	70	2 hours

CONTENT OUTLINE

Subject Area	# of Items
Trees and Shrubs	8
Grass and Groundcover	10
Drainage and Grading	7
Hardscaping	6
Regional Plants	5
Soils and Amendments	4

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Tough-As-Nails Flowers for the South, 2003 University Press of Mississippi 3825 Ridgewood Road, Jackson, MS 39211-6492, Phone #601-432-6205, 800-737-7788, Fax# 601-432-6217, or email press@ihl.state.ms.us.
- Landscape Construction, 2011, David Sauter, Delmar/Thomson Learning P.O. Box 6904, Florence, KY 41022-6904, www.delmar.com

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

LATHING, PLASTERING AND STUCCO

SCOPE OF WORK

Installation of lath, plaster, drywall, stucco and associated work.

NASCLA ACCREDITED TRADE EXAMINATION FOR ELECTRICAL CONTRACTORS

MS Applicants taking the Master Electricians exam have a choice of trade exams. They can elect to take the NASCLA Accredited Trade Examination for Electrical Contractors which is accepted by multiple state agencies or the MSBOC Master Electricians state specific exam.

The NASCLA Accredited Examination Program was designed to assist contractors and tradesmen who wish to be licensed in multiple jurisdictions by offering a streamlined test taking option for the trade portion of the examination. Candidates who take and pass the NASCLA Accredited Examination can access NASCLA's National Examination Database (NED) located on <https://ned.nascla.org> to electronically send their transcripts to jurisdictions that accept the examination in lieu of their state specific trade portion, thereby reducing redundant licensing requirements. Candidates are expected to follow individual state agency applications to become licensed, in addition to taking a business and law examination, etc. If you are unsure if this examination will meet your specific license requirements in a participating state agency, please contact the state agency directly to confirm. A complete list of participating state agencies can be found on NASCLA's website by visiting: www.nascla.org.

Code of Federal Regulations - 29 CFR Part 1926

Selections by PSI, with latest available amendments, www.psionlinestore.com, (866) 589-3088 (See order form at the end of the Candidate Information Bulletin.)

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

REFRIGERATION

SCOPE OF WORK

Unlimited commercial and industrial refrigeration.

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed.

Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.
This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- International Mechanical Code, 2018, International Code Council, 5203 Leesburg Pike, Suite 600 Falls Church, VA 22041, 7039314533, www.intlcode.org/
- Code of Federal Regulations - 29 CFR Part 1926 (OSHA), with latest available amendments, U.S. Government Printing Office, (866) 512-1800 or <https://www.osha.gov/laws-regs/regulations/standardnumber/1926>
OR
Code of Federal Regulations - 29 CFR Part 1926 Selections by PSI, with latest available amendments, www.psonlinestore.com, (866) 589-3088 (See order form at the end of the Candidate Information Bulletin.)
- Industrial Refrigeration Handbook, Wilbert F. Stoecker, 1995, McGraw-Hill
- Modern Refrigeration and Air Conditioning, Althouse, Turnquist, Bracciano, 20th edition, Goodheart-Willcox, www.g-w.com

Candidates are responsible for bringing their own references to the examination center. Reference materials may be highlighted, underlined, and/or indexed prior to the examination session. However, references may not be written in. Any candidate caught writing in the references during the examination will have the references confiscated and will be reported to the department. Furthermore, candidates are not permitted to bring in any additional papers (loose or attached) with their approved references. Any additional materials will be removed from the references and confiscated. References may be tabbed/indexed with permanent tabs only. Temporary tabs, such as Post-It notes, are not allowed and must be removed from the reference before the exam will begin.

REMODELING

Swimming Pools <ul style="list-style-type: none"> a. Site Survey and Collector Orientation b. Pool and Spa heating systems c. Installing Solar Collectors d. Piping Systems e. Attaching System Plumbing Components f. Connecting Electrical Control Systems g. Activating, Inspecting, and Troubleshooting Systems h. Demonstrating System Operation to Owners i. Complying with Safety Procedures and Building Codes 	15
Domestic Hot Water <ul style="list-style-type: none"> a. Site Survey and Collector Orientation b. Solar Domestic Hot Water Systems c. Installing Solar Water Heating Systems d. Piping Systems e. Addressing Problems Caused by Water Conditions 	25

<ul style="list-style-type: none"> f. Installing Components Unique to Indirect (Closed Loop) Systems g. Commissioning Systems h. Servicing Systems i. Demonstrating System Operation to Owners j. Using Tools and Equipment k. Connecting Electrical Control Systems l. Complying with Safety Procedures and Building Codes 	
Photovoltaics <ul style="list-style-type: none"> a. Site Survey and Module Orientation b. Photovoltaic Systems to Meet End-use Requirements c. Designing Grid Tied Systems d. Designing Stand Alone/Non-grid Connected Systems e. Designing with Hybrid Systems f. Installing Photovoltaic Systems g. Commissioning Systems h. Using Photovoltaic Tools and Equipment i. Maintaining PV Systems j. Complying with Safety Procedures and Building Codes 	40

REFERENCE LIST

The reference material listed below was used to prepare the questions for this examination. The examination may also contain questions based on trade knowledge or general industry practices. **Except for Code books**, you can base your answers on later editions of references as they become available. For Code questions, the examinations will be based **only** on the edition of the Code book that is listed. Candidates may use a silent, nonprinting, non-programmable calculator in the examination center.

This examination is OPEN BOOK.

The following reference materials are allowed in the examination center:

- Solar Water and Pool Heating Design and Installation Manual, 2006, Florida Solar Energy Center, 1679 Clearlake Road, Cocoa, FL 32922-5703, (321) 638-1015, http://www.nabcep.org/wp-content/uploads/2013/08/FSEC_Solar_Water_and_Pool_Heating_Manual.pdf
 - International Plumbing Code, 2018, International Code Council, 5203 Leesburg Pike, Suite 600 Falls Church, VA 22041, 7039314533, www.intlcode.org/
 - Code of Federal Regulations - 29 CFR Part 1926 (OSHA), with latest available amendments, U.S. Government Printing Office, (866) 512-1800 or <https://www.osha.gov/laws-regs/regulations/standardnumber/1926>
- OR**
- Code of Federal Regulations - 29 CFR Part 1926 Selections by PSI, with latest available amendments, www.pSIONlinestore.com, (866) 589-3088 (See order form at the end of the Candidate Information Bulletin.)

- National Electrical Code, NEC, 2014, National Fire Protection Association, 1 Batterymarch Park, Quincy, Massachusetts 02169, (800) 344-3555, www.nfpa.org
